This template is intended to be used as a guide to help counties incorporate the 2006 federal disaster response criteria as part of local child welfare plans. Minors in the Probation system must also be included in the plan. County plans must be amended to include Child Welfare Services (CWS) Disaster Response Plans and be operational by September 28, 2007.

In September 2006, Congress passed the Child and Family Services Improvement Act of 2006 (Public Law (PL) 109-288). PL 109-288 amended Part B of Title IV of the Social Security Act to reauthorize the Promoting Safe and Stable Families Program. Among other changes, PL 109-288 established requirements for states on disaster planning in child welfare under Section 6 (a) (16). Accordingly, counties are requested to address the following program areas in developing local disaster readiness plans.

TRINITY COUNTY CHILD WELFARE SERVICES DISASTER RESPONSE PLAN

Staff is trained to verify placement locations in CWS and receive updated placement roster every month. In the event the emergency occurs after hours, the Social Worker on call can also open SafeMeasures and look at the map function for any youth placed within proximity to the disaster.

	<p>Probation will obtain similar information from its system.</p> <p>The on-call Social Worker will contact the CPS Supervisor, who will in turn assign available social workers/probation officers to contact caregivers who have not yet called the 24-hour CPS or Juvenile Hall emergency line. If contact has not been made with caregivers of identified children within 12 hours, the social worker/probation officer or supervisor will begin contacting the caregiver emergency plan numbers in an attempt to locate the children.</p> <p>Immediately upon contact with a caregiver, an assigned social worker will offer support and crisis intervention, offer appropriate respite services, provide referral and information for support and services, and connect them to emergency agencies.</p>
