CLASSIFICATION OF SPECIALIZED RATES

LEVEL A: MODERATE CARE

Care needed because of the child's physical or emotional behavior is such that it requires more than normal care and supervision due to one or more of the following conditions:

1. Medical condition such as asthma, epilepsy, heart condition or moderate symptoms of drug withdrawal.
2. Enuresis (bed wetting), hyperkinetic behavior, moderate and/or occasional emotional problems.
3. Moderate educational problems.
4. Natural parent visits result in problems for the child.
5. Frequent trips must be made to the physician and/or therapist.
6. Medical condition that requires maintenance of a constant temperature in the home.

LEVEL B: INTENSIVE CARE

Intensive levels of care are needed due to one of the following conditions:

1. Severe physical or medical problems requiring frequent trips to the physician and/or therapist.
2. Recurrent out-of-county trips to the physician and/or therapist.
3. Severe educational problems.
4. Encopresis (bed bowel movements)
5. Severe drug withdrawal symptoms requiring frequent physician or other types of medical contacts.

LEVEL C: EXCEPTIONAL CARE

The child has severe behavioral or physical problems requiring a high level of supervision and/or care due to one or more of the following conditions:

1. Severe emotional or behavioral problems, drug use, destructive behavior, sexual acting out, running away, assaultive behavior, stealing, hyperactivity or fire setting.
2. Severe problems in school requiring frequent foster parent intervention with educational personnel.
3. Severe medical complications as a result of prenatal drug exposure requiring frequent medical treatment and in-home monitoring.
